Is the end good conquering hunger or being commander of it? On the mere, how is fasting and less time sitting at tables gamer adapt oneself & thus the Collective Intent? Letting go of the struggle, no such thing as ahead, 360° view like my head ain't attached & a glimpse into the realm of the undying & Never dead.

As I inferm chaos, order, minutes dragging on
a joint of days, imprisoned in self hate torture...
I'm suddenly ready to embrace where I'm at.

Swaddles

Right inbetween the case for my current gaze
Why is it ok to swat a toddler when we know
shaking an infant means they're never the same?
Pandemonium chatter, brave & white cause who
said it's gon end? Familiar with that coloured
prejudice, our language persuades & damn near
coerces it. Pompous & pretentious guardians who are
infected with damage of perceptions use illusion
to keep you guessing, collusion between half truths,
lies, & emotionally manipulative messages, you're
responsible for us thought not us we &
that's the dissonance of neglectful parents
that creates rifts & disparity. I don't
want your money dad, send it off in some
bochoo-scam you charity. Dilly Dally in Digital
& electro-silicon valleys, reverent shells that possess
us with focused ignorance to slavery & actual thrills...
Propaganda that is from before you had even the
idea to kill, Tabula Rasa a bullshit pasteal & sure
your DNA is strung as a different tassel, yet,
we want stranded from anyone as much as we
are using malice & plans as excuse to which we
allow into family castles, factions of 'man, we're all
together, heroes a due, no more clucks, Veg-an.

Gay Orig New Destiny? I'm unhappy when I discredit vocalization & vibrat proclamations... Rather see a Rainbow as a flag as a symbolic costermation than argue over which flag is appealing fire starter. After the Bible it's supposedly dan'tos, the latter goes ~~[illegible]~~ best, let's the some digestive power to read a Koran or Talmud before you say bye bye ~~[illegible]~~ that burn all the texts as Christians do to Witches, Pagans, and surely to "lost" texts in the Tao, Buddhismo Vedas. How characteristic of a empathic chameleon, a narcissistic, egotistical, self proclaimed mystic to be so twisted like someone perfect who abstains from mistakes, my imperfection implored, my shadow side, with the love & a sensitive light, pacifist so I must pass on a fight sadistic bitching more than 3 guys pussing, 2 porn stars fisting, & one deplorable dynamo of dipshit.
